MEMORANDUM

To: Chief Defender & Colleague
From: Bob Dean
Date: January 15, 2017
Subject: Attached

Here is a list of significant criminal cases pending in the New York Court of Appeals and the issues presented. Cases that the Court has selected for SSM consideration are generally not included. Leave grants were to the defendant unless otherwise noted.

The Center does this update every two months for its own attorney staff. As a matter of professional courtesy, we also send it to Chief Defenders who do substantial appellate work. Feel free to distribute copies to any members of your staff. This update is also available on our web site (www.appellate-litigation.org).

Although every attempt has been made to ensure the accuracy of the summaries, no express or implied guarantees are made. If your office is handling one or more of these cases and wishes to share some insight not apparent from the intermediate appellate court decision or the Clerk's summary of issues, please feel free to contact me. Your input will be added to the next edition.

We offer a special feature to our online visitors. Our online "Eye on Eagle" section (NYCA link) includes pdf links to all decided cases, and, for selected cases, a short CAL blog flagging what we think is important or noteworthy about the cases.

Happy reading!

AD2 order dated April 13, 2016, denying writ of error coram nobis to reinstate dismissed appeal based upon ineffective assistance of trial counsel. Decision below: 138 AD3d 877, 28 NYS3d 329. Fahey, J., granted leave July 13, 2016.

ISSUE PRESENTED: Whether a writ of error coram nobis, alleging ineffective assistance of counsel depriving a defendant of his right to appeal, lies against trial counsel for - - after filing a notice of appeal - - failing to advise his client about his right to appeal or explain how to get appellate counsel assigned, thus resulting in the eventual dismissal of the appeal for failure to prosecute. (Here, retained counsel filed a notice of appeal on behalf of his intellectually disabled and now-indigent client, but did nothing more - he did not advise his client of his right to poor person relief or to counsel, nor explain how to go about obtaining either, and he did not advise him of the benefits of appealing and consequences of failing to do so. When the People moved to dismiss for failure to perfect, counsel neglected to take any action although he had been served with their motion and thus must have known the appeal would likely be dismissed.)
